

KEAN UNIVERSITY FOUNDATION

A Letter from the CEO

Dear Friends of the Kean University Foundation,

Thank you for your continued interest in helping our students pursue their dreams of a higher education. We are extremely grateful for the support and contributions made by all of our generous supporters. Now, more than ever, we need help as scholarship support becomes an increasingly important source of tuition assistance for our students.

It has become obvious to me that, regardless of the year or economic climate, so many of our friends continue to unselfishly support the mission of Kean University, recognizing that education not only presents new opportunities for our students to pursue careers and better lives, but also uplifts our communities in countless ways. Through the sincere kindness and generosity of our donors, and with the support of our endowment, the Foundation was able to provide more than \$900,000 in scholarship support to deserving students this past year. Our scholarships not only provide critical financial support, but they also create hope for a better quality of life.

I would be remiss if I did not mention that all of us at the Kean University Foundation express our sincerest congratulations to this year's graduates. Welcome to our alumni family! We'd like to continue our relationships with these new graduates and reconnect with the thousands who have

gone before them over the years. Our Alumni Association exists to recognize the valuable contributions Kean graduates are making in our communities and to share with them the great work that continues at their alma mater.

We look forward to even greater success in future years. Thank you again, for your support, commitment, and dedication to this great institution. More importantly, thank you for making a very real difference! You are helping to positively impact our students and our communities.

All my best,

Bill Miller
